Virtual Programming—Media and Communication Policy

Media and Communication Policy

Media and Communication Policy Rutgers University routinely promotes programs involving minors through various media, including but not limited to newsletters, newspapers, brochures, and displays. In doing so, the names photos, and videos of members may be included to help tell the story. I understand that this Program is conducted in an online/virtual environment and electronic communications will be necessary. The program coordinator(s) agree that such communications will be focused on topics related to the Program activities; no private communications will occur with youth participants, and a minimum of two (2) program staff will be included on all communications.

## Sign Consent

Select *Yes* and sign your name on the *Virtual Programming—Media and Communication Policy*

Click *Next* when done.

## Submit Registration

On the last page, click the *Finish* to submit your registration.

*That's it, you're done!*

Each month you can register to submit a photo for a new PhotoCorps theme!
